- Case Management; Crisis; ACTT
- Strong links with referral centres, addiction services, child/adolescent services and trauma services

JOIN the AMGH Team as a community psychiatrist

As affiliates of University of Western Ontario, and Northern Ontario School of Medicine, successful applicants can pursue academic appointments and supervise psychiatry and family practices residents.

Collaboration with Gateway Centre of Excellence in Rural Health offers the medical team the opportunity to research relevant rural health issues.

AMGH provides primary support for office space and secretarial assistance. We support both a flexible work schedule and generous vacation time.

Designated underserviced offers a candidate (for a 4-year return-of-service) excellent financial assistance to start a practice.

We have a large variety of recreational options including the marina, beautiful sandy beaches, a state-of-the-art YMCA, Goderich to Guelph Rail Trail (G to G) along with several other nature trails and lots, lots more!!!

We welcome you to come for a site visit anytime and we are sure you will not be disappointed. To express your interest in joining our facility, please forward a letter of introduction and your CV to:
